

# Common Occurrence Reporting

Published: 20.08.2021.

Pursuant to Paragraphs 16 and 48 of Cabinet Regulation No. 334 of 6 June 2020 [Procedures for Classification, Investigation and Accounting of Railway Traffic Accidents](#)”, a railway system participant shall prepare and submit a notification to the State Railway Technical Inspectorate after an railway traffic accident.

In order to harmonize the registration and classification of railway traffic accidents, the State Railway Technical Inspectorate has established a common occurrence reporting system and invites every participant of the railway system to become a user of this system.

Send the application for connection to the system to the functional e-mail [cor@vdzti.gov.lv](mailto:cor@vdzti.gov.lv).
